description

InHarmony gives you the look of a permanent graphic, but the changeability needed in today's modern healthcare environment. Featuring a 1/4" thick glassboard backed with a rigid removable VividCore insert, you can easily slide graphics in and out. VividGraphics allow printing of a border to the glass to match your patient room design or represent your facility's brand. Or, leave the glassboard blank for a more minimal look. Our VividDesign team is here to make your InHarmony Changeable Glassboard a feature for your patient rooms.
